ISSUE: Connecting a Digital Yacht AIS to Garmin 400/500 Series Plotter

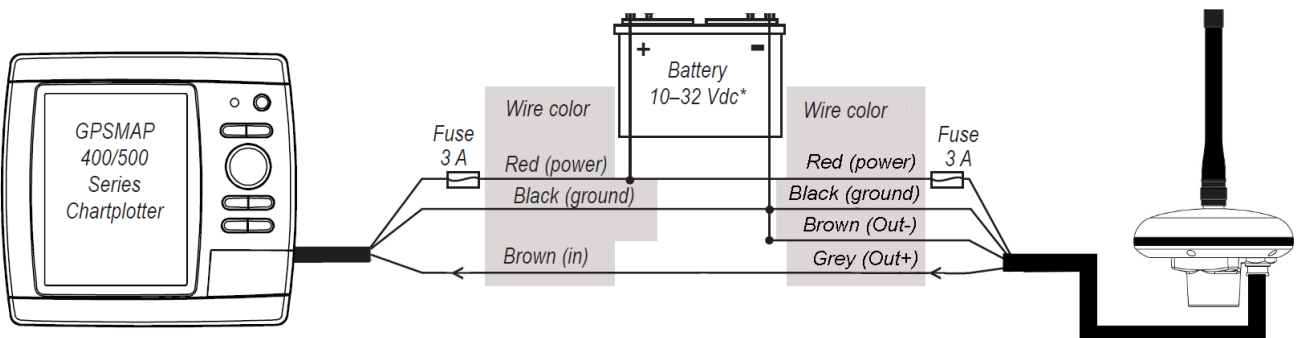

The popular 400 and 500 Series of Garmin plotters are all AIS compatible and many customers fit a Digital Yacht AIS to them. The following Tech Article provides diagrams of how to connect your Digital Yacht AIS to your Garmin chart plotter.

SOLUTION:

The diagram below is applicable to; AIS100, AIS200, AIS200Pro, AIS200N2, iAIS and AIT1000.

The following diagram is applicable to the Digital Yacht ANT200 Smart AIS antenna.

***** IMPORTANT NOTE *****

Before connecting an AIS unit to your plotter, we recommend you check that you have the latest software from Garmin.
